---

There are some properties that simply can't be replicated. Located steps from the heart of downtown Steamboat on the banks of the Yampa River and blending modern and natural styles, beautiful landscaping, newer construction, and thoughtful design, 410 River Road is one of those special properties.

Recently built and meticulously maintained, the home combines a functional layout with both modern and natural elements that bring in the beauty of the riverfront setting into every room. Polished concrete floors, high ceilings, and floor to ceiling windows pull the river panorama into the open kitchen, living, and dining spaces. A main floor bedroom and full bath keep your loved ones close and comfortable. Climb the custom steel and wood staircase to the upper level featuring premium Canadian Ash hardwood floors. The highlight here is the beautiful primary suite. Waking up looking over the river and up to Steamboat Resort might make you forget you are in fact still inside an almost brand new home.

Upstairs you will also find a guest suite, home office or flex space, functional laundry/utility room, and a covered deck with the best views of Steamboat Resort. An oversized garage with covered concrete apron has the space for your vehicles and the toys needed for your Steamboat adventures. Adding extra space for your friends and family or potential rental income, Nana's Cottage is a detached and fully appointed apartment set up for full time living. But, when the weather's nice in the Boat you'll want to spend your time outside.

The riverfront decks, outdoor kitchen, fire pit, and beautiful landscaping underneath the cottonwood, aspen, pine, and crabapple trees create the perfect setting to relax or entertain on a beautiful day. Walk to downtown restaurants or free summer concerts, bike or hike, nordic or alpine ski on Emerald mountain, and fish or paddle right from your door. Unreplicated - 410 River Road is ready for its next owner to create life-long Steamboat memories.

---

# The Home

- 3 Bedrooms + office
- 3 Bathrooms
