STANLEY F. HAMILTON
DIRECTOR

ENCROACHMENT PERMIT NO. L-95-S-3219

Permission is hereby granted to WILLIAM R. HELLAR
of 3086 Hayden Point Drive Hayden Lake, ID 83835 to construct and maintain
a T-dock 10' x 30' section, 5' x 40' section, 3' x 12' approach ramp, and four piling.
to be located as follows: Hayden Lake, Lot 22, Block 1 Point Hayden
Sec. 17, Twp. 51 North, Range 3 West, Boise Meridian.

1. All applicable provisions of the Rules for Regulation of Beds, Waters and Airspace over Navigable Lakes and Streams in the State of Idaho, are incorporated herein by reference and made a part hereof.
2. Construction will follow details and specifications shown on the approved drawings and data provided by the applicant. Should such information and data prove to be materially false, incomplete and/or inaccurate, this authorization may be modified, suspended or revoked upon notice and hearing as provided for in the adopted rules.
3. This permit does not convey the State's title to or jurisdiction or management of lands lying below the natural or ordinary high water mark.
4. Acceptance of this permit constitutes permission by the Permittee for representatives of the Department of Lands to come upon Permittee's lands at all reasonable times to inspect the encroachment authorized by this permit.
5. The Permittee assumes all liability for damages which may result from the exercise of this permit.
6. This permit does not relieve the Permittee from obtaining additional local or Federal permits as required.
7. This permit is not valid until the number assigned is displayed in letters not less than three inches in size upon the dock or piling.
8. If the activity authorized herein is not completed on or before the 3rd day of March, 1991 (three years from the date of issuance of this permit), this permit shall automatically expire unless it was previously revoked or otherwise extended.

9. White bead foam flotation shall be completely encased in a manner that will maintain the structural integrity of the foam. The encasement shall be resistant to the entry of rodents.
10. Creosote or pentachlorophenol (Penta) treated piling and lumber shall not be used on, in, or over the water. Piling and lumber that are in continual contact with lakewaters shall not be treated with protection material. Treated materials not in contact with the water shall be completely dry before use in or near navigable water.
11. The permittee shall maintain the structure or work authorized herein in a good and safe condition and in accordance with the plans and drawings attached hereto.
