Thanks for having KTM Roofing out to inspect your roof. It was a pleasure meeting you and your wife. As we discussed on site your roof is in great shape. KTM installed a 30 year architectural shingle in 2009. Overall the roof is aging appropriately. The sun has aged some areas a little faster than the areas that are getting less sun. This is a normal occurrence so nothing out of the ordinary. I saw no signs of leaks or any need for immediate repairs. This roof should last approx. 10 more years. Please feel free to contact me with any roofing/gutter needs in the future.

Thanks,
