Your application for a permit to construct a well is being returned for additional information concerning the tract of land on which the proposed well will be located.

If the 12.8 acre parcel was created prior to June 1972, please send evidence of this.
In order to evaluate your application, this office must have evidence indicating when the parcel of land on which the well will be located was established, or the date that the subdivision was approved by the county commissioners. The required information may possibly be determined from county documents approving this subdivision.

If the property has been exempted from the subdivision regulations, a copy of the resolution granting this exemption, as well as a survey plat showing the exempted tract and any other agreements executed with the county, should be submitted with the permit application.

Return this slip with corrected application.

You had originally indicated that the proposed well was to be in Bristol Head Acres #2. If so we to have you complete item 6. If not in this subdivision, then we'll need the information asked for in this flyer.

Denver, Colorado 80203

Dear Sir:

Kindly be advised that the 12.8 acre tract owned by Jan Briggs, the applicant for the attached well permit, was not included as a part of Bristol Head Acres subdivision approved in June 1971. The subdivision was approved prior to adoption of Subdivision Regulations by Mineral County and therefore not subject to the "Exemption for Division of Land" as currently in use. Mr. Briggs' tract has been considered an individual parcel, separate from a larger tract or subdivision.

Should you have need for additional information concerning this matter, kindly contact this office.

Sincerely,

Charles Steele
Mineral County Land Administrator

AND THERE IS NO
NIGHT IN CREEDE

By Cy Warman—1892

Here's a land where all are equal—
Of high or lowly birth—
A land where men make millions,
Dug from the dreary earth.
Here meek and mild-eyed burros
On mineral mountains feed,
It's day all day in the day-time
And there is no night in Creede.
The cliffs are solid silver,
With wondrous wealth untold,
And the beds of running rivers,
Are lined with purest gold.
While the world is filled with sorrow,
And hearts must break and bleed,
It's day all day in the day-time
And there is no night in Creede.
