Few properties in Steamboat offer the ability to ski, snowboard, bike, or hike directly from your residence at any time of year. Chateau Chamonix #211B combines this ability with luxurious finishes, fantastic amenities, and great rental income into one of the premier ownership opportunities at Steamboat Resort. At Chateau Chamonix there's no need to check the powder cam when you wake up in the morning - just look out the floor to ceiling windows in your spacious living room to see exactly what fell overnight.

If its a powder day step right out onto your private porch overlooking the slopes, pull your skis out of your ski storage, and ski down to the Steamboat or Wild Blue Gondolas to head up for an awesome day in the snow. When you get tired just ski right back to your door and head inside to whip up those apres you deserve after an awesome day.

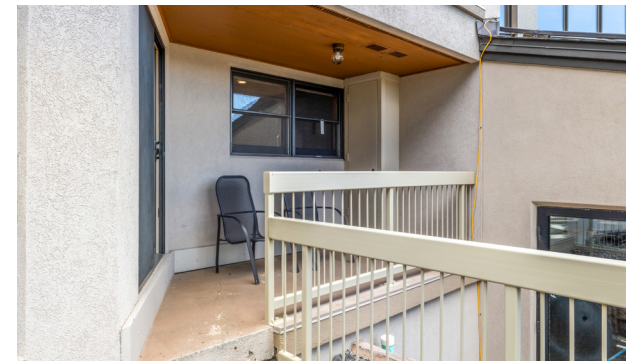

In the summer you can hike on the extensive trails, bike the bike park, let your dog out, or walk down to the base area directly from here as well. You will find the likely little time you spend in the condo to be incredibly comfortable, with recent updates including LVT flooring, quartz countertops, new bathrooms, appliances, backsplash, wet bar, stone accent wall, fireplace, lighting, and more. Two bedrooms - one with an ensuite bath and private patio - plenty of storage, and spacious living and dining area provide plenty of room for family, friends, and all your toys. If you need a more relaxing day off the slopes you can enjoy the great amenities that Chateau Chamonix offers including pool, hot tubs, sauna, fitness center, on-call shuttle, ski-valet, boot driers, fire pit, front desk, and more.

Not in Steamboat one week? Then take advantage of Steamboat's position as one of the top ski resorts in the country by generating income with short term rentals. Offered furnished and turn key, Chateau Chamonix #211B is your ticket to the heart of the action at Steamboat Resort!
