

NEW CONSTRUCTION SELLER DISCLOSURES  
EXHIBIT " \_\_\_\_\_ "

2026 Printing

This Exhibit shall be part of that New Construction Purchase and Sale Agreement between \_\_\_\_\_  
("Buyer") and **BRIAN TEAGUE** \_\_\_\_\_ ("Seller") with an Offer Date of \_\_\_\_\_  
for property located at the following address: **8510 BLUE HERON DR. GAINESVILLE, GA 30506**

Seller does hereby make the following disclosures selected below.

**General Disclosures.**

[Select all which apply. Any box not selected shall not be a part of this Agreement.]

- 1. The cost of change orders or upgrades may not necessarily result in an increase or a commensurate increase in the value of the Property.
- 2. The natural light available to and the view from the Property may change over time due to additional development and the growth, addition or removal of landscaping.
- 3. Any measurements of room dimensions shown on floor plans are approximations only and may vary from the actual conditions in the Property.
- 4. Sounds of rushing water may be heard in plumbing and waste water lines.
- 5. Items in model homes may not reflect the finishes of the improvements on the Property. Reference should be made to the Plans and Specifications to determine what will be included in the Property.
- 6. No representations are made regarding the public schools that currently or may in the future serve the Property, the zoning of any nearby properties or plans to develop or not develop other nearby properties.
- 7. There may be variations in grain pattern and color in any wood cabinetry and other wood products.
- 8. Veins and colors of any marble, slate or other stones used in the Property may vary from piece to piece.
- 9. Since trees and landscaping existing on the Property prior to the commencement of construction thereon may be adversely affected or even killed by construction activities, Seller shall have no responsibility for the same.
- 10. When excessive moisture or water accumulates indoors, mold growth can and will occur, particularly if the moisture problem remains unaddressed. There is no practical way to eliminate all molds or mold spores in an indoor environment. The key to controlling indoor mold growth is to control moisture. If Buyer discovers accumulation of water or moisture in, around or under the residential dwelling on the Property, Buyer should immediately seek to control the source of the water moisture. If mold develops, clean up the mold by washing off hard surfaces with detergent and water and completely dry the surface. There are also EPA approved products available in most hardware stores to remove mold. Depending upon the nature and extent of the mold infestation, trained professionals may be needed to assist in the remediation effort. Mold that is not properly and adequately removed may reappear.
- 11. Seller reserves the right to change the street name and numerical address of the Property.
- 12. Any hardwood flooring can be damaged or scratched as a result of normal wear and tear including moving chairs and other furniture, walking in high heels and allowing dogs with toenails to walk or run on the hardwood flooring.
- 13. The directions for all cleaning products should be carefully reviewed to determine if the product is safe on the type of wood, tile, metal, stone or other surface being cleaned.
- 14. Seller makes no representation as to the location of mailboxes, utility boxes, street lights, fire hydrants or storm drains.
- 15. Carpets, paint and wood can fade and / or discolor over time depending on the exposure of these things to sunlight.
- 16. Seller makes no representations or warranties regarding the size, type or price of future homes built either in the subdivision or on property which may be included in the subdivision in the future.
- 17. All work and materials to be performed or supplied under this Agreement shall be performed and supplied by Seller's own contractors, subcontractors, employees, agents, material men and suppliers. Buyer shall not have the right to have any work performed or supplies delivered to the Property nor move household goods into the Property prior to closing.

# SELLER'S PROPERTY DISCLOSURE STATEMENT (NEW CONSTRUCTION) EXHIBIT " \_\_\_\_\_ "

2026 Printing

This Seller's Property Disclosure Statement ("Statement") is an exhibit to the New Construction Purchase and Sale Agreement with an Offer Date of \_\_\_\_\_ for Property known as or located at: 8510 BLUE HERON DR  
GAINESVILLE Georgia 30506. This Statement is intended to make it easier for Seller to fulfill Seller's legal duty to disclose hidden defects in the Property of which Seller is aware. Seller is obligated to disclose such defects even when the Property is being sold "as-is."

**A. INSTRUCTIONS TO SELLER IN COMPLETING THIS DISCLOSURE STATEMENT.**

In completing this Disclosure Statement, Seller agrees to:

- (1) answer all questions in reference to the Property and the improvements on the Property;
- (2) answer all questions fully, accurately and to the actual knowledge and belief of all Sellers in the New Construction Purchase and Sale Agreement (hereinafter, collectively "Knowledge");
- (3) provide additional explanations to all "yes" answers in the corresponding Explanation section below each group of questions (including providing to Buyer any additional documentation in Seller's possession), unless the "yes" answer is self-evident;
- (4) if prior to Closing there are any material changes in the answers to any of the questions, Seller shall promptly revise the Statement and provide it to the Buyer and any Broker involved in the transaction.

**B. HOW THIS STATEMENT SHOULD BE USED BY BUYER.** Caveat emptor or "buyer beware" is the law in Georgia. Buyer should conduct a thorough inspection of the Property. If Seller has not occupied or recently occupied the Property, Seller's Knowledge of the Property's condition may be limited. Buyer is expected to use reasonable care to inspect the Property and confirm that it is suitable for Buyer's purposes. If an inspection of the Property reveals problems or areas of concern that would cause a reasonable Buyer to investigate further, Buyer should investigate further. A "yes" or "no" answer to a question means "yes" or "no" to the actual Knowledge and belief of all Sellers of the Property. In other words, if a Seller answers "no" to a question, it means Seller either affirmatively knows that the answer to the question is "no" or has no Knowledge whether such condition exists on the Property. As such, Seller's answers should not be taken as a warranty or guaranty of the actual condition of the Property, nor a substitute for Buyer doing its own due diligence.

**C. SELLER DISCLOSURES.**

| 1. <b>GENERAL:</b>                                    | YES | NO |

| 10. AGRICULTURAL DISCLOSURE: |  | YES | NO |
|------------------------------|--|-----|----|
| (a)                          | Is the Property within, partially within, or adjacent to any property zoned or identified on an approved county land use plan as agricultural or forestry use? |     | ✓  |
| (b)                          | Is the Property receiving preferential tax treatment as an agricultural property?  |     | ✓  |

It is the policy of this state and this community to conserve, protect, and encourage the development and improvement of farm and forest land for the production of food, fiber, and other products, and also for its natural and environmental value. This notice is to inform prospective property owners or other persons or entities leasing or acquiring an interest in real property that property in which they are about to acquire an interest lies within, partially within, or adjacent to an area zoned, used, or identified for farm and forest activities and that farm and forest activities occur in the area. Such farm and forest activities may include intensive operations that cause discomfort and inconveniences that involve, but are not limited to, noises, odors, fumes, dust, smoke, insects, operations of machinery during any 24-hour period, storage and disposal of manure, and the application by spraying or otherwise of chemical fertilizers, soil amendments, herbicides, and pesticides. One or more of these inconveniences may occur as the result of farm or forest activities which are in conformance with existing laws and regulations and accepted customs and standards.
