INVOICE

Services	amount
Labor - 2 Men Labor, Regular Hours	\$2,500.00
Quote-Basement to Tank	
Miscellaneous - Bosch SDS Max Rotary Hammer	\$35.00
Quote-Basement to Tank	
Miscellaneous - Fuel Surcharge	\$75.00
Excavation - 305E2CR Excavator & Operator	\$1,280.00
Replacing main line from house to tank.	
	\$0.00
Replaced main line from inside basement to septic tank with 4" schedule 40 and transitioned to 4" SDR 35 outside foundation and continued to septic tank. We sealed around foundation with hydraulic water plug inside and outside as well as at septic tank. New line was bedded in good material and properly pitched. Back filled material once completed.	
Installed new outlet PVC tee baffle with filter and replaced outlet pipe to distribution box with 4" SDR 35 pipe. Installed 12" riser and lid on outlet cover.	
Camera'd and located distribution box. Camera'd all eight outlet lines. Jetted all eight to clear minor roots & sand, camera'd again once completed. We found one line that had a small break. We located it and replaced a small section of pipe. All other lines are in excellent condition. At this time the field appears to be in like new condition. The distribution box was replaced as well.	
Materials	amount
Miscellaneous - Hydraulic Plug	\$20.00
Quote-Basement to Tank	
1 gallon/10 lbs. of hydraulic plug.
