Lindal Post-and-Beam, with In-Law Suite, on Six acres overlooking Middletown Valley!

Welcome to 7442 Dogwood Lane — a serene Lindal post-and-beam retreat with sweeping sunset views over the Middletown Valley. Lovingly built and cared for by the original owners, this 2001 custom home offers approximately 4,126 finished square feet, including a finished lower level and an attached three-car garage with a private in-law suite above. Set on six peaceful acres of partially wooded land, the property offers the best of both worlds—privacy, natural beauty, and convenience to sought-after Middletown schools and the town’s charming Main Street. Crafted with rich natural wood beams, reclaimed wood floors, and expansive walls of glass that fill the home with natural light, this Lindal design celebrates warmth, craftsmanship, and connection to its surroundings. Every window frames a view worth pausing for—from morning light filtering through the trees to breathtaking sunsets over the Middletown Valley. The home features three wood-burning fireplaces, including one in the kitchen and adjoining sunroom, creating an inviting atmosphere throughout. Two of the fireplaces are enhanced by custom-designed mantles with intricate detailing, a testament to the home’s thoughtful craftsmanship. The spacious kitchen showcases granite countertops, abundant workspace, and a built-in desk—perfect for meal prep, planning, or simply enjoying the views. Recent updates include new carpet, adding comfort to the home’s warm wood finishes. The finished lower level provides versatile living and entertaining space, featuring a pool/billiard room with a bar, ideal for gatherings and relaxed evenings at home. Comfort continues throughout with propane heating and radiant heated floors in both the finished basement and garage, providing efficient warmth year-round. Outdoors, you’ll find two storage sheds, including one brand new, offering ample space for tools, hobbies, and equipment. The sellers have cherished this home for its sense of calm, natural beauty, and connection to the land—a feeling that defines its enduring appeal. While it retains its original charm, it also presents an opportunity to update and personalize, blending timeless architecture with your own modern touches. Privately tucked away yet close to town conveniences, 7442 Dogwood Lane offers both tranquility and connection—a place where every day ends in the glow of a sunset and the peace of knowing you’re home.
