Public Remarks: Experience the tranquility of waterfront living on this beautifully cultivated 1.857-acre parcel featuring 184 feet of shoreline, rip rap protection, and a private dock—perfect for kayaking, boating, fishing, or simply enjoying the view. The landscape is a living legacy, enriched with rare and meaningful plantings. A row of 25-year-old bald cypress trees, planted as seedlings by the seller, welcome you to the property. Three female kiwi vines and one fuzzy male promise annual harvests of this delicious fruit. Botanical highlights include a cucumber magnolia sourced from NC State University's horticultural garden and a rare Atlantic White Cedar—once prized for colonial boatbuilding—standing at the edge of the woods. Azaleas bloom near the dock which has good water depth for your boat, and a graceful willow tree from Kilmarnock completes the scene. A remote drainfield easement is in place for future development. This is more than land—it's a story waiting for its next chapter. A rare opportunity to build your dream home in the mist of beautiful water views and well developed plantings throughout the parcel.
