Step-less living across all 3 floors

• Full Access for All

Guests or family members with mobility challenges can enjoy every level comfortably and safely.

• Simple Furniture Moving

Heavy furniture, boxes, and décor glide between floors without strain—tasks that used to require two people can now be handled solo.

• Effortless Deliveries

Bring groceries, bulk shopping, and parcels directly from the garage or porch to the kitchen—no stairs, no lifting.

- **Streamlined Daily Chores**

Move vacuums, cleaning supplies, laundry baskets, and household items between floors quickly and safely.

- **Seasonal Décor Simplified**

Holiday decorating becomes a single-trip task. All bins and décor pieces travel floor-to-floor without hauling.

- **Safe Waste Transport**

Trash and recycling go straight to street level—no navigating stairs with awkward bags or heavy bins.

- **Essential Recovery Support**

During temporary mobility limitations, the elevator becomes critical for accessing all levels.

- **Future-Proof Living**

Ensures long-term accessibility for homeowners and guests, offering peace of mind for changing mobility needs.

- **High-Value Resale Feature**

A sought-after luxury amenity that sets the property apart and strengthens long-term market appeal.

Total Documented Upgrades: Approximately \$180,000+
