Property Inspected
Web & Wasp nest removal
Treatment for pests outside
Preventative treatment for pests outside

Pest Activity Found - Spider

Technician Comments and Recommendations

Today's service included a perimeter inspection of the home. The exterior of the home was swept for the removal of accessible wasps and spider webs. I treated the exterior perimeter of the home for the prevention of pest activity. I also inspected the boundary areas of the property and treated any pest activity found.

Thank you for choosing Massey Services!

Conditions, Avenues and Sources Identified as Potential Pest Activity

Today's Inspection Identified

-Plants touching the structure, allows pest access

Location

Structure-Front

Activity Completed or Recommended

-Prune back plants away from structure
