ABOUT THIS PROPERTY

Stunning Craftsman in a great Chantilly location connected by a neighborhood path to the Chantilly Ecological Sanctuary, which features 1.6 miles of walking trails, ponds, plus all of the included amenities of Chantilly on The Green; including walking trails, extensive landscaping, gated dog park and a gazebo with grilling station and fire pit. Inside an open floor plan through the main living areas, site-finished hardwood floors, and soaring ceilings accented by rough-sawn box-beam rafters. The kitchen boasts a large island and ample counter space, accented by KitchenAid appliances and endless cabinetry storage. The first floor also features an office and guest suite, along with a covered front porch and covered back patio, creating flexible living spaces. Upstairs, the light-filled primary suite features dual walk-in closets and the perfect retreat of a bathroom with a soaking tub and dual vanities. You also have two bedrooms with en-suite bathrooms and a huge laundry room. With a detached two-car garage and all-new exterior paint, move-in-ready home creates a fantastic location within the neighborhood, plus the convenience of the Midwood and Elizabeth neighborhoods minutes away!
