Home Features

From the welcoming covered front porch to the beautifully upgraded interiors and backyard, this home offers the space, warmth, and functionality that make everyday living feel effortless. Situated on a desirable corner lot, the home features 2,634 square feet with 4 bedrooms, 2.5 bathrooms, a main floor office, and a spacious bonus room. Thoughtful upgrades throughout include upgraded lighting, upgraded carpet, charming Dutch doors, custom closet systems, and a stylish tile backsplash in the downstairs powder bath. The bright, open kitchen is designed for gathering with a large center island, quartz countertops, generous pantry, and plenty of workspace, while a gas fireplace adds warmth to the main living area. Outside, the fully fenced backyard features upgraded landscaping and sprinklers, creating an inviting setting for entertaining or relaxing. The Clearwater floor plan also includes a 3 car tandem garage, plus an impressive 24x36 shop with a 16x10 roll up door, providing exceptional space for RVs, boats, storage, hobbies, and more.
