1351 DREXEL PLACE

THE NEIGHBORHOOD

Tucked just off Park Road in the heart of the Ashbrook neighborhood, Drexel Place sits in one of South Charlotte's most convenient and charming pockets. Nestled between Sedgefield, Myers Park, and Madison Park, the area offers easy access to Uptown while maintaining the peaceful, tree-lined character of an established community. The walkable Park Road Shopping Center, the Montford Drive dining corridor, and the Little Sugar Creek Greenway mean everything you need is within minutes. It is the kind of quiet street that feels like a retreat while keeping the best of Charlotte well within reach.

ABOUT DAPPER DEVELOPMENT

Dapper Development has built a growing portfolio of boutique luxury homes across Charlotte's most sought-after neighborhoods, with a reputation for thoughtful design and exceptional craftsmanship. Our in-house team — including an interior designer, project managers, and a dedicated client experience manager — supports you at every stage, from design through final walkthrough. Our goal is to make the homebuilding process as seamless as possible, so you can enjoy the experience of building a home as much as living in it.
