OWNER'S FAVORITE THINGS

- Low energy costs and superior construction materials/methods reflect a commitment to green, safe and healthy living
- All levels have programmable thermostats for maximum control and efficiencies
- Age-in-place design with wider doorways, turning radius's and other accessibility features
- 5 fireplaces – remote controlled holographic and bio-fueled for added ambiance and warmth
- Dumb Waiter that is accessible at all three levels including laundry room and garage
- Walkable Location in the heart of Historic Roswell within steps to Canton Street offering an array of restaurants, shops, popular community events and seasonal celebrations year-round yet tucked away outside the pedestrian and vehicular traffic

HISTORICAL VALUE

- Weatherford Place by name honors the original and previous landowner, farmer, hunter, volunteer fireman and WWII Army veteran, Louie Weatherford
- First Certified LEED Platinum home in GA and the Southeast with the lowest HERS rating recorded by SouthFace
- Exterior shutters and interior mantels are masterfully crafted from salvaged Historic Weatherford Farm barn wood some of which was reclaimed from Roswell's first ball field
- Outside fireplace incorporates historic cobblestones from Atlanta's Decatur Street discovered in the old Weatherford Barn foundation

ENHANCED BUYER BENEFITS

- Pre-paid home warranty that is fully transferable and good until 2028 with Choice Home Warranty
- Two 80-gallon water heaters with lifetime warranties
- High performance, efficient, engineered HVAC systems all with filtered fresh air intakes and rigid, insulated ductwork exceeding building code requirements
- Low electricity bill – Solar PV for electricity and Solar Thermal for hot water
- Laundry room is isolated and insulated to prevent vibration/sound; the floor is tiled with a floor drain
- Exterior doors and windows are insulated with solid wood interiors and low maintenance aluminum clad exteriors
- Superior Walls foundation system has a lifetime warranty for no sidewall water penetration
- Home theater is engineered with steel beams, reinforced concrete ceiling, walls and floor as a safe room and refuge in the event of tornadoes/extreme weather events
